

# CALL FOR PAPERS

## CatCracking Safety & Reliability Seminar

Moody Gardens Hotel • Galveston, TX May 2-3, 2012

*Why give a paper?* Give back to our industry.  
Gain recognition for yourself and your company,  
and if you are a vendor then for your product or service too.

*What have you done in the last year or two that could benefit our industry?*

Share a near miss so that others might avoid the same risk.  
Tell the CatCracking Community how you are achieving  
More Production with Less Risk.

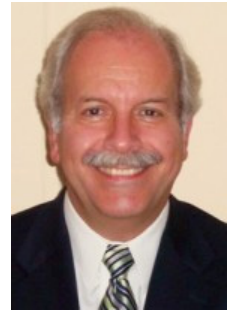

Ken Peccatiello

*I've seen and heard about a lot of different and interesting projects going on recently. I invite you to come to the seminar and tell everyone else about what you've been up to.*

*Suppliers, how about including a refiner in your formal 30 minute paper?*

*Refiners, think about giving a 5 to 10 minute update or sharing a story about a project or safety incident.*

Bob Ludolph
